THE SONOMA COUNTY GENEALOGY SOCIETY

presents

Kurt Boldt

BREAKING BRICK WALLS

A guided collaborative discussion and workshop using known methods and techniques to help you solve frustrating brick walls.

*“I think anytime we discover a new ancestor we break a brick wall, they just vary in degree of difficulty. Most brick walls require knowledge we don't currently possess about obtaining the source that leads to the solution. Finding the source that could contain the crucial information is the hardest part. When I make a discovery like that, it renews my enthusiasm for the adventure!” **Kurt Boldt***

Bring your laptops!!!

Santa Rosa Finley Center, 2060 West College Avenue
CYPRESS ROOM

***** NO chat at noon – Workshop begins at 12:00!!!**
